RECOMMENDED CASH OFFER
for
HORIZON DISCOVERY GROUP PLC
by
PERKINELMER (UK) HOLDINGS LIMITED
a wholly-owned subsidiary of
PERKINELMER, INC.
to be effected
by way of a scheme of arrangement
under Part 26 of the Companies
Act 2006

Summary

- ✎ The boards of PerkinElmer, Inc. ("**PerkinElmer**") and Horizon Discovery Group plc ("**Horizon**") are pleased to announce that they have reached agreement on the terms of a recommended all cash offer whereby the entire issued and to be issued ordinary share capital of Horizon will be acquired by PerkinElmer (UK) Holdings Limited ("**PerkinElmer UK**") (the "**Acquisition**").
- ✎ Under the terms of the Acquisition, each Horizon Shareholder will be entitled to receive:

185 pence in cash per Horizon Share
- ✎ The Acquisition values the entire issued and to be issued ordinary share capital of Horizon at approximately Â£296 million (\$383 million), on the basis of a fully diluted share capital of 159,949,470 Horizon Shares. This implies an enterprise value of approximately Â£284 million (\$368 million).
- ✎ The price of 185 pence in cash per Horizon Share represents a premium of approximately:
 - ✎ 108.3 per cent. to the Closing Price of 88.8 pence per Horizon Share on the Last Practicable Date;
 - ✎ 103.8 per cent. to the Volume Weighted Average Price per Horizon Share during the one month period ended on the Last Practicable Date;
 - ✎ 95.4 per cent. to the Volume Weighted Average Price per Horizon Share during the three month period ended on the Last Practicable Date; and
 - ✎ 85.0 per cent. to the Volume Weighted Average Price per Horizon Share during the six month period ended on the Last Practicable Date.
- ✎ PerkinElmer UK is a private limited company, which was duly incorporated in April 1999 under

the laws of England and Wales. Its registered office is Chalfont Road, Seer Green, Beaconsfield, Buckinghamshire, United Kingdom, HP9 2FX. PerkinElmer UK's principal activity is that of an intermediate holding company and its subsidiaries are engaged in the development, manufacture and sale of life science and diagnostic products and services.

- ☞ The Acquisition represents a compelling opportunity for Horizon Shareholders to realise the full value of their investment in cash at a substantial upfront premium to the prevailing share price of the Horizon Shares.
- ☞ The Horizon Directors, who have been so advised by Evercore and Numis as to the financial terms of the Acquisition, consider the terms of the Acquisition to be fair and reasonable. In providing their advice to the Horizon Directors, Evercore and Numis have taken into account the commercial assessments of the Horizon Directors. Evercore and Numis are providing independent financial advice to the Horizon Directors for the purposes of Rule 3 of the Code.
- ☞ Accordingly, the Horizon Directors intend to recommend unanimously that Horizon Shareholders vote or procure votes in favour of the Scheme at the Court Meeting and the Resolutions to be proposed at the General Meeting, as the Horizon Directors who hold Horizon Shares have irrevocably undertaken to do in respect of their own beneficial holdings of 524,995 Horizon Shares (representing, in aggregate, approximately 0.3 per cent. of the Horizon Shares in issue on the Last Practicable Date).
- ☞ In addition to the irrevocable undertakings received from the Horizon Directors who hold Horizon Shares, PerkinElmer UK has received an irrevocable undertaking from Inclusive Capital Partners (as detailed in Appendix III to this Announcement) to vote in favour of the Scheme at the Court Meeting and the Resolutions to be proposed at the General Meeting (or, if PerkinElmer UK, with the consent of the Takeover Panel, exercises its right to implement the Acquisition by way of a Takeover Offer to accept such offer), in respect of 32,867,262 Horizon Shares (representing, in aggregate, approximately 20.8 per cent. of the Horizon Shares in issue on the Last Practicable Date).
- ☞ Therefore, as at the date of this Announcement, PerkinElmer UK has received irrevocable undertakings in respect of a total of 33,392,257 Horizon Shares (representing approximately 21.1 per cent. of the Horizon Shares in issue on the Last Practicable Date).
- ☞ Full details of the irrevocable undertakings received by PerkinElmer UK are set out in Appendix III to this Announcement.
- ☞ It is intended that the Acquisition be implemented by way of a Court-sanctioned scheme of arrangement under Part 26 of the Companies Act (or, if PerkinElmer UK so elects and with the consent of the Takeover Panel, a Takeover Offer). The purpose of the Scheme is to provide for PerkinElmer UK to become the owner of the entire issued and to be issued ordinary share capital of Horizon. The Scheme will be put to Horizon Shareholders at the Court Meeting and to the Horizon Shareholders at the General Meeting. In order to become effective, the Scheme must be approved by a majority in number of the Horizon Shareholders voting at the Court Meeting, either in person or by proxy, representing not less than 75 per cent. in value of the Scheme Shares voted. The implementation of the Scheme must also be approved by Horizon Shareholders at the General Meeting.
- ☞ If any dividend or other distribution in respect of the Horizon Shares is declared, paid or made on or after the date of this Announcement, PerkinElmer UK reserves the right to reduce the consideration payable for each Horizon Share under the terms of the Acquisition by the amount per Horizon Share of such dividend or distribution.
- ☞ The Acquisition is subject to the Conditions and certain further terms set out in Appendix I to this Announcement and to the full terms and conditions of the Acquisition which will be set out in the Scheme Document.
- ☞ PerkinElmer, a multinational corporation headquartered in the United States, is listed on the New York Stock Exchange and is a component of the S&P 500 Index. PerkinElmer is a

global leader in the life sciences and diagnostics industry offering a broad portfolio of products, services and solutions for the diagnostics, life sciences, food and applied markets. PerkinElmer's innovative detection, discovery and development, cell imaging, informatics, and service capabilities, combined with deep market knowledge and expertise, help scientists support healthier families, improve the quality of life, and sustain the wellbeing and longevity of people globally.

- ☞ Horizon is a cell engineering company focused on commercialising the application of gene editing and gene modulation technologies to accelerate scientific innovation and biopharmaceutical drug development. Horizon is leveraging its technological expertise to provide cell engineering tools and services to its customers in three key areas of the therapeutic ecosystem: basic research, drug discovery and development and therapeutic applications. Horizon's customers include biopharmaceutical and diagnostics companies, contract research and manufacturing organizations and academic researchers across the globe.
- ☞ The Scheme Document will include full details of the Acquisition, together with notices of the Court Meeting and General Meeting, the expected timetable of the Acquisition and will specify the action to be taken by Horizon Shareholders. It is expected that the Scheme Document will be published within 28 days of the date of this Announcement (or on such later date as may be agreed by the Takeover Panel).
- ☞ The Acquisition is currently expected to become Effective in January 2021, subject to the satisfaction or waiver of the Conditions and certain further terms set out in Appendix I to this Announcement and to the full terms and conditions of the Acquisition which will be set out in the Scheme Document. An expected timetable of principal events will be included in the Scheme Document.
- ☞ Commenting on the Acquisition, Ian Gilham, PhD, Non-Executive Chairman of Horizon, said:

"Horizon has undergone a strategic transformation over the last two years and our reorganised portfolio gives us a strong position in the high-growth markets in which we operate. The Horizon Board believes Horizon is ready to be listed in the US and whilst this should create meaningful value for shareholders in the longer term, a combination with PerkinElmer represents an opportunity for Horizon shareholders to immediately crystallise the value of their investment in cash at a premium of 108.3 per cent. to the current share price. In addition, with the support of PerkinElmer, Horizon can accelerate growth and provide customers with a broader and more integrated offering. The Horizon Board is therefore unanimously recommending PerkinElmer's offer".
- ☞ Commenting on the Acquisition, Prahlad Singh, PhD, PerkinElmer's President and CEO said:

"One of the key fundamentals for molecular research and drug discovery is being able to knock down a gene or function and explore the results to discover actionable insights and new clinical trial candidates faster. We're excited to team up with Horizon to not only add CRISPR and RNAi capabilities into our existing portfolio, but also to leverage our combined screening and applied genomics solutions to help propel the next phase of cell and gene research for precision medicine. PerkinElmer leads with science and creates total solutions to bring today's leading innovations together for our customers, while also working at the cutting edge of what's next. Today's announcement delivers on both of these fronts".

This summary should be read in conjunction with, and is subject to, the full text of this Announcement and its Appendices. In particular, the Acquisition is subject to the Conditions and certain further terms set out in Appendix I and to the full terms and conditions which will be set out in the Scheme Document. The release, publication or distribution of this Announcement in or into jurisdictions other than the UK may be restricted by law and therefore any persons who are subject to the law of any jurisdiction other than the UK should inform themselves about, and observe, any applicable legal or regulatory requirements. In particular the ability of persons who are not resident in the UK to vote their Horizon Shares at the Court Meeting or General Meeting, or to appoint another person as proxy to vote at the Court Meeting or General Meeting on their behalf, may be affected by the laws of the relevant jurisdictions in which they are located. Additional information for US investors

The Acquisition relates to the shares of a UK company and is being made by means of a scheme of arrangement provided for under the laws of England and Wales. The Scheme is not subject to the proxy solicitation or tender offer rules under the United States Securities Exchange Act of 1934, as amended. The Scheme will be subject to disclosure requirements and practices applicable in the United Kingdom and to schemes of arrangement under the laws of England and Wales, which are different from the disclosure and other requirements applicable to a US tender offer. Neither the United States Securities and Exchange Commission, nor any securities commission of any state of the United States, has

approved or disapproved any offer, or passed comment upon the adequacy or completeness of any of the information contained in this document. Any representation to the contrary is a criminal offence in the United States.

Financial information relating to Horizon included in this Announcement and the Scheme Document has been or will have been prepared in accordance with accounting standards applicable in the United Kingdom that may not be comparable to financial information of US companies or companies whose financial statements are prepared in accordance with generally accepted accounting principles in the United States.

It may be difficult for US holders of Horizon Shares to enforce their rights and any claims they may have arising under US federal securities laws in connection with the Acquisition, since Horizon is organised under the laws of a country other than the United States, and some or all of its officers and directors may be residents of countries other than the United States, and a substantial part of the assets of Horizon are located outside of the United States. US holders of Horizon Shares may not be able to sue a non-US company or its officers or directors in a non-US court for violations of US federal securities laws. Further, it may be difficult to compel a non-US company and its affiliates to subject themselves to a US court's jurisdiction or judgment.

The Acquisition may, in the circumstances provided for in this Announcement, instead be carried out by way of a Takeover Offer under the laws of England and Wales. If PerkinElmer UK exercises its right to implement the Acquisition by way of a Takeover Offer instead of the Scheme, such Takeover Offer will be made in compliance with applicable US tender offer rules and other securities laws and regulations, including the exemptions therefrom. Any Takeover Offer will be made in the United States by PerkinElmer UK and no one else.

It is intended that the Acquisition will be implemented by way of a Court-sanctioned scheme of arrangement under Part 26 of the Companies Act. PerkinElmer UK reserves the right to elect, with the consent of the Takeover Panel, to implement the Acquisition by way of a Takeover Offer for the entire issued and to be issued ordinary share capital of Horizon as an alternative to the Scheme.

Upon completion of the Acquisition Horizon will be indirectly wholly-owned by PerkinElmer.

2. The Acquisition

Under the terms of the Acquisition, which will be subject to the Conditions and certain further terms set out in Appendix I to this Announcement and to the full terms and conditions which will be set out in the Scheme Document, each Horizon Shareholder will be entitled to receive:

185 pence in cash per Horizon Share

The Acquisition values the entire issued and to be issued ordinary share capital of Horizon at approximately Â£296 million (\$383 million), on the basis of a fully diluted share capital of 159,949,470 Horizon Shares. This implies an enterprise value of approximately Â£284 million (\$368 million).

The price of 185 pence in cash per Horizon Share represents a premium of approximately:

- ⌘ 108.3 per cent. to the Closing Price of 88.8 pence per Horizon Share on the Last Practicable Date;
- ⌘ 103.8 per cent. to the Volume Weighted Average Price per Horizon Share during the one month period ended on the Last Practicable Date;
- ⌘ 95.4 per cent. to the Volume Weighted Average Price per Horizon Share during the three month period ended on the Last Practicable Date; and
- ⌘ 85.0 per cent. to the Volume Weighted Average Price per Horizon Share during the six month period ended on the Last Practicable Date.

PerkinElmer UK is a private limited company, which was duly incorporated in April 1999 under the laws of England and Wales. Its registered office is Chalfont Road, Seer Green, Beaconsfield, Buckinghamshire, United Kingdom, HP9 2FX. PerkinElmer UK's principal activity is that of an

intermediate holding company and its subsidiaries are engaged in the development, manufacture and sale of life science and diagnostic products and services.

The Acquisition provides a compelling opportunity for Horizon Shareholders to realise the full value of their investment in cash at a substantial upfront premium to the prevailing share price of the Horizon Shares.

The Horizon Shares will be acquired by PerkinElmer UK fully paid and free from all liens, equitable interests, charges, encumbrances, rights of pre-emption and any other third party rights or interests whatsoever and together with all rights existing at the Effective Date or thereafter attaching thereto, including (without limitation) the right to receive and retain, in full, all dividends and other distributions (if any) declared, made or paid or any other return of capital (whether by way of reduction of share capital or share premium account or otherwise) made on or after the Effective Date in respect of the Horizon Shares.

If any dividend or other distribution in respect of the Horizon Shares is declared, paid or made on or after the date of this Announcement, PerkinElmer UK reserves the right to reduce the consideration payable for each Horizon Share under the terms of the Acquisition by the amount per Horizon Share of such dividend or distribution.

3. Recommendation

The Horizon Directors, who have been so advised by Evercore and Numis as to the financial terms of the Acquisition, consider the terms of the Acquisition to be fair and reasonable. In providing their advice to the Horizon Directors, Evercore and Numis have taken into account the commercial assessments of the Horizon Directors. Evercore and Numis are providing independent financial advice to the Horizon Directors for the purposes of Rule 3 of the Code.

Accordingly, the Horizon Directors intend to recommend unanimously that Horizon Shareholders vote or procure votes in favour of the Scheme at the Court Meeting and the Resolutions to be proposed at the General Meeting, as the Horizon Directors who hold Horizon Shares have irrevocably undertaken to do in respect of their own beneficial holdings of 524,995 Horizon Shares (representing, in aggregate, approximately 0.3 per cent. of the Horizon Shares in issue on the Last Practicable Date).

4. Background to and reasons for the Acquisition

PerkinElmer is a global leader in the life sciences and diagnostics industry offering a broad portfolio of products, services and solutions for the diagnostics, life sciences, food and applied markets. PerkinElmer is focused on serving attractive end markets, improving its product mix, enhancing geographic reach and strengthening its technological capabilities. PerkinElmer believes the acquisition of Horizon is a direct investment into high-growth, new complementary areas that will enable PerkinElmer to better address evolving market needs in the future.

Horizon is a cell engineering company focused on commercialising the application of gene editing and gene modulation technologies to accelerate scientific innovation and biopharmaceutical drug development. Founded in 2005, Horizon listed on the London Stock Exchange's AIM market in 2014 and following a period of organic growth, targeted M&A and in-licensing has subsequently built itself into a specialist life sciences tools and services business. Horizon has a proven track record of product and business model innovation, and today has a strong core portfolio that includes tools and services for gene editing and modulation that help scientists to better understand disease mechanisms; reference standards derived from gene-edited cell lines that have been developed to mimic human diseases; screening technologies that are designed to improve the outcome of drug discovery and development; and engineered Chinese Hamster Ovary ("CHO") cell lines that have been designed specifically to enable the efficient manufacture of biologic drugs. In addition, Horizon has active R&D programmes focused on the development of next generation engineered CHO cell lines that have been optimised to solve current challenges in biologic drug development, and a novel base editing platform, which enables highly accurate gene editing and is being developed for out-licensing to biopharma companies involved in gene and cell therapeutic development.

The discussions between PerkinElmer and Horizon have confirmed PerkinElmer's belief that a combination of Horizon and PerkinElmer would bring clear strategic and financial benefits. In particular:

- Horizon would provide PerkinElmer with additional scale in the large and fast growing cell engineering segment, a key input into biologics and cell and gene therapy ("CGT") segments;

- Horizon's leading gene editing and gene modulation tools and services, with key offerings across CRISPR, RNAi and base editing, are complementary to PerkinElmer's life sciences/pharma discovery and applied genomics platforms;
- a combined PerkinElmer/Horizon offering would position the Combined Group as a complete workflow partner for pharma discovery with the ability to offer both advanced reagents and automation as CRISPR screening continues to grow;
- Horizon's deep access to academia would also bolster PerkinElmer's reach into that channel through its field sales and web presence;
- Horizon's growing services business would be solidified and expanded through exploitation of PerkinElmer's automation capabilities, thereby enabling improved efficiencies and turnaround time for customers;
- unifying PerkinElmer's and Horizon's complementary offerings across the genotypic and phenotypic approaches for drug discovery and development will help researchers accelerate decision making with better information, automated workflows, and greater quality and control over data;
- PerkinElmer believes there are attractive innovation and growth opportunities in base editing and bioproduction;
- PerkinElmer places great value on Horizon's talented employee base and believes that overall the opportunities for Horizon staff should be enhanced by being part of a better capitalised group with greater scale and complementary capabilities; and
- PerkinElmer believes that a combination of PerkinElmer's and Horizon's complementary capabilities together with PerkinElmer's global channel access should accelerate the growth of the Combined Group and provide opportunities for all stakeholders, including customers, employees and senior management.

Over its long history, PerkinElmer has built a strong track record of successfully integrating and scaling acquired global businesses, and thereby providing customers with the added benefits of a broader and more integrated offering. Consequently, PerkinElmer believes that it is the most suitable owner of Horizon over the long-term and well positioned to deliver on the considerable commercial, operational and financial benefits which a combination would give rise to.

Accordingly, PerkinElmer has decided to make this cash offer at a price which it believes fully reflects Horizon's intrinsic value and provides a compelling opportunity for Horizon Shareholders to realise the full value of their investment in cash at a substantial upfront premium to the prevailing share price of the Horizon Shares. Meanwhile, PerkinElmer is confident that the Acquisition will enhance the economic value of PerkinElmer and deliver long-term shareholder value.

PerkinElmer welcomes the Horizon Board's support for the Acquisition and the proposed unanimous recommendation from the Horizon Directors to the Horizon Shareholders to vote or procure votes in favour of the Scheme at the Court Meeting and the Resolutions to be proposed at the General Meeting.

5. Background to and reasons for the Horizon Directors' recommendation

Under the leadership of the current management team, Horizon has undergone a strategic transformation over the last two years and has carefully reorganised its portfolio to be better positioned to grow across multiple segments of the cell engineering market. The final step of this transformation reorganisation would have been the planned dual-listing of Horizon's shares on the NASDAQ in the United States.

The Horizon Board believes that the implementation of Horizon's strategy as an independent company, including its proposed dual-listing on the NASDAQ, would have positioned the business for significant value creation for Horizon Shareholders in the long-term. As its business rebounds from the impact of COVID-19, Horizon's differentiated offerings in gene modulation, cell line engineering, CRISPR screening (including single cell analysis), bioproduction and base editing are expected to drive multiple growth opportunities across the business.

However, Horizon's smaller scale relative to other life science tools providers leaves it particularly exposed to the volatility inherent in the higher-value services it provides. Whilst the Horizon Board is confident that its current strategy will generate sustained and attractive returns over the long

term, it recognises that there are risks to, as well as uncertainty as to the timing and the delivery of, these returns.

Furthermore, the Horizon Board believes that the combination between Horizon's leading cell engineering capabilities and PerkinElmer's broad platform of tools and services represents an attractive opportunity to further accelerate growth and better serve customers across the therapeutic value chain. As part of PerkinElmer, Horizon would have the opportunity to expand the reach of its portfolio beyond existing applications and would benefit from PerkinElmer's strong automation capabilities to grow its business, enabling improved efficiencies and turnaround time for customers. The Horizon Board believes that a combination of PerkinElmer's and Horizon's complementary capabilities, together with PerkinElmer's global channel access should accelerate the growth of the Combined Group and provide opportunities for all stakeholders, including customers and employees.

The Horizon Board also recognises that the Acquisition represents a material premium over Horizon's share price and provides an immediate opportunity for Horizon's shareholders to realise, in cash, the value of their holdings. The Acquisition represents a 108.3 per cent. premium to Horizon's unaffected closing price of 88.8 pence per share on the Last Practicable Date. The Horizon Board also took into consideration the dilutive impact of a capital raise through a US listing to finance the standalone development plan.

Following careful consideration of the above factors, the Horizon Directors intend unanimously to recommend that Horizon Shareholders vote or procure votes in favour of the Scheme at the Court Meeting and the Resolutions to be proposed at the General Meeting.

6. Conditions

The Acquisition is conditional, amongst other things, upon:

- (i) the Scheme becoming Effective on or before 11.59 p.m. on the Long Stop Date;
- (ii) the approval of the Scheme by a majority in number representing not less than 75 per cent. in value of the Horizon Shareholders entitled to vote and present and voting, either in person or by proxy, at the Court Meeting (or at any adjournment, postponement or reconvention of such meeting) on or before the 22nd day after the expected date of the Court Meeting to be set out in the Scheme Document in due course (or such later date, if any, as may be agreed between PerkinElmer UK and Horizon and the Court may allow);
- (iii) the passing of the Resolutions by the requisite majority at the General Meeting to be held on or before the 22nd day after the expected date of the General Meeting to be set out in the Scheme Document in due course (or such later date, if any, as PerkinElmer UK and Horizon may agree and the Court may allow);
- (iv) the sanction of the Scheme by the Court on or before the 22nd day after the expected date of the Court Hearing to be set out in the Scheme Document in due course (or such later date, if any, as may be agreed between PerkinElmer UK and Horizon and the Court may allow) and the delivery of an office copy of the Court Order to the Registrar of Companies; and
- (v) the receipt of all applicable anti-trust clearances from any relevant authority (or the lapsing of applicable waiting periods) as set out in paragraph 2(a) of Part A of Appendix I to this Announcement.

The attention of Horizon Shareholders is drawn to the fact that the Acquisition is also conditional on other Conditions and certain further terms set out in Appendix I to this Announcement and to the full terms and conditions which will be set out in the Scheme Document.

It is expected that the Scheme Document, along with the notice of the Court Meeting and the General Meeting and the Forms of Proxy, will be published within 28 days of the date of this Announcement (or on such later date as may be agreed by the Takeover Panel).

7. Irrevocable undertakings

PerkinElmer UK has received irrevocable undertakings to vote or procure votes in favour of the Scheme at the Court Meeting and the Resolutions to be proposed at the General Meeting (or, if PerkinElmer UK exercises, with the consent of the Takeover Panel, its right to implement the Acquisition by way of Takeover Offer, to accept such offer) from:

- all of the Horizon Directors who hold Horizon Shares in respect of their entire beneficial holdings of Horizon Shares, amounting, in aggregate, to 524,995 Horizon Shares (representing, in aggregate, approximately 0.3 per cent. of the Horizon Shares in issue on the Last Practicable Date); and
- Inclusive Capital Partners in respect of its beneficial holdings of Horizon Shares, amounting, in aggregate, to 32,867,262 Horizon Shares (representing, in aggregate, approximately 20.8 per cent. of the Horizon Shares in issue on the Last Practicable Date).

Therefore, as at the date of this Announcement, PerkinElmer UK has received irrevocable undertakings in respect of a total of 33,392,257 Horizon Shares (representing approximately 21.1 per cent. of the Horizon Shares in issue on the Last Practicable Date).

In addition, Dr Siddhartha Kadia, who does not currently hold any Horizon Shares, has entered into an irrevocable undertaking in respect of any Horizon Shares he may acquire on the exercise of any of the options over 150,000 Horizon Shares he holds.

Full details of the irrevocable undertakings received by PerkinElmer UK are set out in Appendix III to this Announcement.

8. Information on PerkinElmer

PerkinElmer, a multinational corporation headquartered in the United States, is listed on the New York Stock Exchange and is a component of the S&P 500 Index. PerkinElmer is a leading provider of products, services and solutions for the diagnostics, life sciences, food and applied markets.

PerkinElmer's innovative detection, discovery and development, cell imaging, informatics, and service capabilities, combined with deep market knowledge and expertise, help scientists support healthier families, improve the quality of life, and sustain the wellbeing and longevity of people globally. PerkinElmer today operates through two segments:

- **Discovery & Analytical Solutions:** serving the life sciences and applied markets by providing a comprehensive portfolio of technologies to help researchers better understand disease and develop treatments, as well as enabling scientists to detect, monitor and manage contaminants and toxic chemicals that impact our environment and food supply; and
- **Diagnostics:** offering instruments, reagents, assay platforms, and software to hospitals, medical labs, clinicians and medical research professions with a focus on reproductive health, emerging molecular and immuno-diagnostics, and applied genomics.

PerkinElmer is headquartered in Waltham, Massachusetts. As at 31 December 2019, PerkinElmer employed approximately 13,000 people helping to serve customers in more than 190 countries and reported turnover of \$2,884 million for the fiscal year ending 31 December 2019.

9. Information on Horizon

Horizon is a cell-engineering company focused on commercialising the application of gene editing and gene modulation to accelerate scientific innovation and biopharmaceutical drug development.

Horizon is leveraging its technological expertise to provide cell engineering tools and services to its customers in three key areas of the therapeutic ecosystem: basic research, drug discovery and development and therapeutic applications.

Horizon currently operates through four business units:

- **Research Reagents:** offers tools and services that help scientists better understand biological pathways and mechanisms of disease, as well as molecular reference standards used in the development of diagnostics tests;
- **Screening:** offers tools and services that are designed to improve the outcome of drug discovery and development;
- **BioProduction:** offers engineered cell lines that are designed to enable efficient biologics manufacturing; and
- **Base Editing:** develops tools and services that are based on a highly accurate, novel platform that Horizon intends to license to its customers for gene and cell therapeutic development. Base editing is a new category in gene editing that allows scientists to make specific edits to single bases in DNA, with the goal of providing more accurate gene editing by reducing unintended genomic changes. As a novel technology, base editing has not yet been clinically validated for use in human therapeutics.

Horizon's business is underpinned by its portfolio of cell engineering tools and services, featuring gene editing technologies such as CRISPR and base editing and gene modulation technologies such as RNAi. Horizon's offerings support and enable critical elements of the drug development and therapeutic value chain, particularly in the area of precision medicine. Horizon's customers include biopharmaceutical and diagnostics companies, contract research and manufacturing organisations and academic researchers across the globe. In 2019, Horizon sold its tools and services to more than 2,000 unique customers in over 60 countries, including to 19 of the 20 largest biopharmaceutical companies by revenue.

Horizon is headquartered in Cambridge, United Kingdom and has an office and manufacturing facility near Boulder, Colorado. Horizon employs approximately 400 people globally.

10. Horizon Share Plans/Warrants

Appropriate proposals in accordance with Rule 15 of the Code will be made to participants in the Horizon Share Plans, Dr Siddhartha Kadia in respect of options over 150,000 Horizon Shares granted otherwise than under the Horizon Share Plans, and to the holder of the Warrants.

Details of these proposals will be set out in the Scheme Document and in separate letters to be sent to participants in the Horizon Share Plans, Dr Siddhartha Kadia, and to the holder of the Warrants.

11. Financing

PerkinElmer UK will finance the cash consideration payable to Horizon Shareholders pursuant to the Acquisition from PerkinElmer's existing cash resources.

Perella Weinberg Partners, as financial adviser to PerkinElmer UK, is satisfied that sufficient cash resources are available to PerkinElmer UK to enable it to satisfy in full the cash consideration payable to Horizon Shareholders in connection with the Acquisition.

12. Management, employees and locations of the Horizon Group

The PerkinElmer Directors and the Horizon Directors believe that the combination of Horizon and PerkinElmer will bring each other a number of benefits, with Horizon's gene editing and gene modulation technologies being highly complementary to PerkinElmer's existing life sciences and applied genomics businesses.

Prior to this Announcement, PerkinElmer reviewed certain Horizon information for the purposes of conducting a confirmatory due diligence exercise. As is customary, PerkinElmer, to date, has only been provided with limited access to information relating to Horizon, its employees, management, businesses and operations. As a result, its assessment of potential synergy opportunities (as detailed below) for the combination is based on its own outside-in perspectives, industry benchmarks and publicly available information.

However, if the Acquisition completes, PerkinElmer intends to undertake a detailed strategic review of the Horizon business, including in relation to its assets, strategies and operations, in order to determine how best to realise the benefits of a combination and to formulate an appropriate integration plan. This strategic review and integration planning is expected to be carried out promptly post-completion.

Notwithstanding the above and whilst cost synergies are not the primary motivation for the Acquisition, PerkinElmer has identified areas of potential cost synergies, including:

- cost reductions associated with Horizon's current public company activities and Horizon's previously announced intention to dual-list on the NASDAQ; and
- reductions in costs achieved through likely synergies as well as through overall economies of scale related to logistics and laboratory spend.

These synergies, which are preliminary in nature and subject to the outcome of the strategic review, are expected to accrue as a direct result of the Acquisition and could not be achieved independently of the Acquisition.

PerkinElmer does not intend to make any substantial changes to the locations of Horizon's manufacturing footprint in the United Kingdom or the United States. In addition, PerkinElmer recognises the importance of innovation to Horizon's business and intends to maintain investment in

research and development in order to ensure that Horizon remains at the forefront of developments in cell engineering solutions.

Employees and employment rights

PerkinElmer plans to fully observe, following completion of the Acquisition, contractual and statutory employment rights, including in relation to pensions, of all Horizon employees in accordance with applicable law. PerkinElmer does not intend to make any material changes to the conditions of employment of the employees of Horizon or its subsidiaries, other than to ensure the conditions of employment remain competitive.

Completion of the aforementioned strategic review, and an assessment of potential alterations to the structure and/or management, may lead to changes in the composition and/or functions of central, divisional or local management. Specific proposals have not been formulated yet, other than a limited reduction in headcount, especially in functional support areas such as those supporting Horizon's status as a publicly listed company. However, except as set out above and subject to the outcome of the strategic review, PerkinElmer does not intend to alter the balance of skills and functions of management and employees.

PerkinElmer believes that the ongoing participation of senior management of Horizon is very important to the continued success of the Combined Group. Therefore, proposals regarding incentivisation arrangements for management and employees of Horizon may be considered as part of the integration review, following completion of the Acquisition. However, no discussions related to such incentivisation arrangements have yet taken place.

On completion of the Acquisition, it is intended that the current non-executive directors of Horizon will resign.

Headquarters and locations

On completion of the Acquisition, PerkinElmer will maintain Horizon's registered headquarters in Cambridge, UK. Given Horizon will be de-listed and re-registered as a private limited company, the functional role of Horizon's registered headquarters in Cambridge may be partly altered (i.e. without the need to support Horizon's status as a publicly listed company).

In addition, Horizon will also maintain its main offices in Boulder, Colorado. The Combined Group's headquarters will remain in Waltham, Massachusetts.

PerkinElmer intends to leverage the Combined Group's global presence to consolidate minor administrative offices where feasible in order to reduce property expenses, and to enable colleagues to work more closely together. The Combined Group will continue to focus on remaining close to its clients across the UK and is expected to maintain a UK presence.

Other than as described above, PerkinElmer has no intention of redeploying Horizon's existing material fixed assets or of effecting a material change to the overall footprint of the business.

Trading Facilities

PerkinElmer's intention is to seek to de-list the Horizon Shares, as further described at paragraph 16 below.

No statements in this paragraph 12 constitute "post-offer undertakings" for the purposes of Rule 19.5 of the Code.

13. Dividends

If any dividend or other distribution in respect of the Horizon Shares is declared, paid or made on or after the date of this Announcement, PerkinElmer UK reserves the right to reduce the consideration payable for each Horizon Share under the terms of the Acquisition by the amount per Horizon Share of such dividend or distribution.

14. Offer-related arrangements

Confidentiality Agreement

PerkinElmer and Horizon entered into a confidentiality agreement dated 23 September 2020 (the "**Confidentiality Agreement**") pursuant to which PerkinElmer has undertaken to keep confidential information relating to Horizon and not to disclose it to third parties (other than to permitted discloses) unless required by law or regulation. These confidentiality obligations shall remain in

force for a period of three years from the date of the Confidentiality Agreement. The Confidentiality Agreement also includes customary non-solicitation and standstill obligations on PerkinElmer.

Co-operation Agreement

PerkinElmer UK and Horizon entered into the Co-operation Agreement on 2 November 2020, pursuant to which PerkinElmer UK and Horizon have agreed to certain undertakings to co-operate and provide each other with reasonable information, assistance and access in relation to the filings, submissions and notifications to be made in relation to any regulatory clearances and authorisations that may be required in connection with the Acquisition.

The Co-operation Agreement records PerkinElmer UK's and Horizon's intention to implement the Acquisition by way of the Scheme, subject to the ability of PerkinElmer UK to proceed by way of a Takeover Offer which is subject to obtaining the consent of the Takeover Panel, if required.

The Co-operation Agreement shall terminate with immediate effect if PerkinElmer UK and Horizon so agree in writing. In addition, the Co-operation Agreement shall terminate if, inter alia: (i) the Horizon Directors withdraw, adversely modify or adversely qualify their recommendation of the Acquisition;

(ii) the Scheme (or the Takeover Offer, as the case may be) is withdrawn or lapses in accordance with

its terms and, where required, with the consent of the Panel (other than where such lapse or withdrawal is a result of the exercise of a right to switch to a Takeover Offer or is in connection with PerkinElmer UK implementing the Acquisition by a different takeover offer or scheme on substantially the same or improved terms and an announcement under Rule 2.7 of the Code is made in respect thereof); (iii) the Effective Date has not occurred by the Long Stop Date; (iv) the Scheme is not approved by the requisite

majority of Horizon Shareholders at the Court Meeting or the Resolutions are not passed at the General Meeting or the Scheme is not sanctioned by the Court at the Court Hearing, and PerkinElmer UK does not elect to implement the Acquisition by means of a Takeover Offer; or (v) written notice is served by or on behalf of PerkinElmer UK or Horizon where a Condition becomes incapable of satisfaction or is invoked (with the permission of the Takeover Panel) so as to cause the Acquisition not to proceed.

The Co-operation Agreement also contains provisions that will apply in respect of the Horizon Share Plans and the options granted to Dr Siddhartha Kadia otherwise than under the Horizon Share Plans.

15. Structure of the Acquisition

Scheme

The Acquisition will be effected by a Court-sanctioned scheme of arrangement between Horizon and the Scheme Shareholders under Part 26 of the Companies Act. The purpose of the Scheme is to provide for PerkinElmer UK to become the owner of the entire issued and to be issued ordinary share capital of Horizon. Under the Scheme, the Acquisition is to be achieved by the:

- (a) transfer of the Scheme Shares held by Scheme Shareholders to PerkinElmer UK in consideration for which the Scheme Shareholders will receive cash consideration pursuant to the Scheme; and
- (b) passing of the Resolutions at the General Meeting (including amendments to Horizon's Articles to ensure that any Horizon Shares issued between the approval of the Resolutions at the General Meeting and the Scheme Record Time will be subject to the Scheme and that any Horizon Shares issued after the Scheme Record Time will automatically be acquired by PerkinElmer UK).

Approval at Court Meeting and General Meeting

To become Effective, the Scheme requires, amongst other things:

- (a) the approval of a majority in number of the Horizon Shareholders who vote, representing not less than 75 per cent. in value of the Scheme Shares voted, either in person or by proxy, at the Court Meeting; and

- (b) the approval by the requisite majority of the Resolutions at the General Meeting (to be held directly after the Court Meeting) necessary in order to implement the Scheme.

Application to Court to sanction the Scheme

Once the resolutions have been passed at the Court Meeting and the General Meeting and the other Conditions have been satisfied or (where applicable) waived, the Scheme must be sanctioned by the Court at the Court Hearing.

The Scheme will become Effective in accordance with its terms on delivery of an office copy of the Court Order to the Registrar of Companies. Upon the Scheme becoming Effective, it will be binding on all Scheme Shareholders, irrespective of whether or not they attended or voted at the Court Meeting or General Meeting, or whether they voted in favour of or against the Scheme.

Full details of the Scheme to be set out in the Scheme Document

The Scheme Document will include full details of the Scheme, including the expected timetable and the action to be taken by Horizon Shareholders. The Scheme will be governed by the laws of England and Wales and will be subject to the applicable requirements of the Code, the Takeover Panel, the AIM Rules, the London Stock Exchange, and the FCA.

It is expected that the Scheme Document, along with the notice of the Court Meeting and the General Meeting and the Forms of Proxy, will be published within 28 days of the date of this Announcement (or on such later date as may be agreed by the Takeover Panel). Subject to certain restrictions relating to persons resident in Restricted Jurisdictions, the Scheme Document will also be made available on PerkinElmer's website at [https://www.perkinelmer.com/corporate/investors/important-disclaimer/](https://www.perkinelmer.com/corporate/investors/important-disclaimer/index.html) index.html and on Horizon's website at www.horizondiscoveryplc.com.

At this stage, subject to the satisfaction or waiver of the Conditions and certain further terms set out in Appendix I to this Announcement, PerkinElmer UK and Horizon currently expect the Acquisition to become Effective in January 2021.

If the Scheme does not become Effective on or before the Long Stop Date (or such later date as PerkinElmer UK and Horizon may, with the consent of the Takeover Panel and, if required, the Court, agree) it will lapse and the Acquisition will not proceed (unless the Takeover Panel otherwise consents).

Right to switch to a Takeover Offer

PerkinElmer UK reserves the right to elect, with the consent of the Takeover Panel, to implement the Acquisition by way of a Takeover Offer for the entire issued and to be issued ordinary share capital of Horizon as an alternative to the Scheme. In such an event, the Takeover Offer will be implemented on the same terms or, if PerkinElmer UK so decides, on such other terms being no less favourable (subject to appropriate amendments), so far as applicable, as those which would apply to the Scheme and subject to the amendment referred to in paragraph 6 of Part B of Appendix I to this Announcement.

16. De-listing and re-registration of Horizon

Prior to the Scheme becoming Effective, an application will be made to the London Stock Exchange for admission of the Horizon Shares to trading on AIM to be cancelled shortly after the Effective Date. The last day of dealings in, and for registration of transfers of, Horizon Shares is expected to be at the close of business on the Business Day immediately prior to the Court Hearing and no transfers will be registered after 6.00 p.m. on that date. No dealings in Horizon Shares will be registered after this date.

On the Effective Date, Horizon will become an indirectly wholly-owned subsidiary of PerkinElmer and share certificates in respect of the Horizon Shares will cease to be valid and should be destroyed. In addition, entitlements to Horizon Shares held within the CREST system will be cancelled on the Effective Date.

It is also intended that shortly after the Effective Date, Horizon will be re-registered as a private limited company under the relevant provisions of the Companies Act.

17. Disclosure of interests in Horizon

As at the close of business on the Last Practicable Date, save for the irrevocable undertakings referred to in paragraph 7 (*Irrevocable undertakings*) above, none of PerkinElmer UK or any director of PerkinElmer UK or, so far as PerkinElmer UK is aware, any person acting, or deemed to be acting, in concert with PerkinElmer UK:

- (a) had an interest in, or right to subscribe for, relevant securities of Horizon;
- (b) had any short position in (whether conditional or absolute and whether in the money or otherwise), including any short position under a derivative, any agreement to sell or any delivery obligation or right to require another person to purchase or take delivery of, relevant securities of Horizon;
- (c) had procured an irrevocable commitment or letter of intent to accept the terms of the Acquisition in respect of relevant securities of Horizon; or
- (d) had borrowed or lent, or was party to any dealing arrangement of the kind referred to in Note 11 on the definition of acting in concert in the Code, in relation to relevant securities of Horizon

Furthermore, save for the irrevocable undertakings described in paragraph 7 (*Irrevocable undertakings*) above, no arrangement exists between PerkinElmer UK or Horizon or a person acting in concert with PerkinElmer UK or Horizon in relation to Horizon Shares. For these purposes, an "arrangement"

includes any indemnity or option arrangement, any agreement or any understanding, formal or informal, of whatever nature, relating to Horizon Shares which may be an inducement to deal or refrain from dealing in such securities.

18. Overseas shareholders

The availability of the Acquisition and the distribution of this Announcement to Horizon Shareholders who are not resident in the United Kingdom may be affected by the laws of the relevant jurisdiction. Such persons should inform themselves of, and observe, any applicable legal or regulatory requirements of their jurisdiction. Horizon Shareholders who are in any doubt regarding such matters should consult an appropriate independent professional adviser in the relevant jurisdiction without delay.

This Announcement does not constitute an offer for sale of any securities or an offer or an invitation to purchase any securities. Horizon Shareholders are advised to read the Scheme Document and related Forms of Proxy carefully once they have been despatched.

19. General

The Acquisition will be subject to the Conditions and certain further terms set out in Appendix I to this Announcement and to the full terms and conditions which will be set out in the Scheme Document and Forms of Proxy. It is expected that the Scheme Document, along with the notice of the Court Meeting and the General Meeting and the Forms of Proxy will be published within 28 days of the date of this Announcement (or on such later date as may be agreed by the Takeover Panel).

This Announcement has been prepared for the purpose of complying with the laws of England and Wales, Market Abuse Regulation, AIM Rules and the Code and the information disclosed may not be the same as that which would have been disclosed if this Announcement had been prepared in accordance with the laws of jurisdictions outside of England and Wales. This Announcement and any formal documentation relating to the Acquisition have not been, and will not be, lodged with any corporate, equity markets or financial services regulator of any jurisdiction outside of the UK (such as the Australian Securities and Investments Commission). Unless otherwise determined by PerkinElmer UK or required by the Code, and permitted by applicable law and regulation, the Acquisition will not be made available directly or indirectly in, into or from a Restricted Jurisdiction where to do so would violate the laws in that jurisdiction and no person may vote in favour of the Acquisition by use of mail or any other means or instrumentality (including, without limitation, facsimile, email or other electronic transmission, telex or telephone) of interstate or foreign commerce of, or any facility of a national, state or other securities exchange of, any Restricted Jurisdiction.

Copies of this Announcement and any formal documentation relating to the Acquisition will not be and must not be, directly or indirectly, mailed or otherwise forwarded, distributed or sent in, into or from any Restricted Jurisdiction or any jurisdiction where to do so would violate the laws of that jurisdiction and persons receiving such documents (including custodians, nominees and trustees) must not mail or otherwise forward, distribute or send them in, into or from any Restricted Jurisdiction. Doing so may render invalid any related purported vote in respect of the Acquisition.

Additional information for US investors

The Acquisition relates to the shares of a UK company and is being made by means of a scheme of arrangement provided for under the laws of England and Wales. The Scheme is not subject to the pr

oxy solicitation or tender offer rules under the United States Securities Exchange Act of 1934, as amended. The Scheme will be subject to disclosure requirements and practices applicable in the United Kingdom and to schemes of arrangement under the laws of England and Wales, which are different from the disclosure and other requirements applicable to a US tender offer. Neither the United States Securities and Exchange Commission, nor any securities commission of any state of the United States, has approved or disapproved any offer, or passed comment upon the adequacy or completeness of any of the information contained in this document. Any representation to the contrary is a criminal offence in the United States.

Financial information relating to Horizon included in this Announcement and the Scheme Document has been or will have been prepared in accordance with accounting standards applicable in the United Kingdom that may not be comparable to financial information of US companies or companies whose financial statements are prepared in accordance with generally accepted accounting principles in the United States.

It may be difficult for US holders of Horizon Shares to enforce their rights and any claims they may have arising under US federal securities laws in connection with the Acquisition, since Horizon is organised under the laws of a country other than the United States, and some or all of its officers and directors

may be residents of countries other than the United States, and a substantial part of the assets of Horizon are located outside of the United States. US holders of Horizon Shares may not be able to sue a non-US company or its officers or directors in a non-US court for violations of US federal securities laws. Further, it may be difficult to compel a non-US company and its affiliates to subject themselves to a US court's jurisdiction or judgment.

The receipt of cash consideration by a US holder for the transfer of its Horizon Shares pursuant to the Scheme may be a taxable transaction for United States federal income tax purposes. Each US holder

is urged to consult its independent professional adviser immediately regarding the tax consequences of the Acquisition applicable to it, including under applicable United States state and local, as well as overseas and other, tax laws.

The Acquisition may, in the circumstances provided for in this Announcement, instead be carried out by way of a Takeover Offer under the laws of England and Wales instead of the Scheme. If PerkinElmer UK exercises, with the consent of the Takeover Panel, its right to implement the Acquisition by way of a Takeover Offer instead of the Scheme, such Takeover Offer will be made in compliance with applicable US tender offer and other securities laws and regulations, including the exemptions therefrom. Any Takeover Offer will be made in the United States by PerkinElmer UK and no one else.

Should one or more of these risks or uncertainties materialise, or should underlying assumptions prove incorrect, actual results may vary materially from those described in this Announcement. No profit forecasts or estimates

No statement in this Announcement should be interpreted to mean that earnings or earnings per ordinary share for Horizon or PerkinElmer for the current or future financial years would necessarily match or exceed the historical published earnings or earnings per ordinary share for Horizon or PerkinElmer.

Right to switch to a Takeover Offer

PerkinElmer UK reserves the right to elect, with the consent of the Takeover Panel, to implement the Acquisition by way of a Takeover Offer for the entire issued and to be issued ordinary share capital of Horizon as an alternative to the Scheme. In such an event, the Takeover Offer will be implemented on the same terms or, if PerkinElmer UK so decides, on such other terms being no less favourable (subject to appropriate amendments), so far as applicable, as those which would apply to the Scheme and subject to the amendment referred to in Appendix I to this Announcement.

Disclosure requirements of the Code

Under Rule 8.3(a) of the Code, any person who is interested in 1 per cent. or more of any class of relevant securities of an offeree company or of any securities exchange offeror (being any offeror other than an offeror in respect of which it has been announced that its offer is, or is likely to be, solely in cash) must make an Opening Position Disclosure following the commencement of the offer period and, if later, following the announcement in which any securities exchange offeror is first identified. An Opening Position Disclosure must contain details of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of: (i) the offeree company and (ii) any securities exchange offeror(s). An Opening Position Disclosure by a person to whom Rule 8.3(a) applies must be made by no later than 3.30 p.m. (London time) on the 10th Business Day following the commencement of the offer period and, if appropriate, by no later than 3.30 p.m. (London time) on the 10th Business Day following the announcement in which any securities exchange offeror is first identified. Relevant persons who deal in the relevant securities of the offeree company or of a securities exchange offeror prior to the deadline for making an Opening Position Disclosure must instead make a Dealing Disclosure.

Under Rule 8.3(b) of the Code, any person who is, or becomes, interested in 1 per cent. or more of any class of relevant securities of the offeree company or of any securities exchange offeror must make a Dealing Disclosure if the person deals in any relevant securities of the offeree company or of any securities exchange offeror. A Dealing Disclosure must contain details of the dealing concerned and of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of: (i) the offeree company and (ii) any securities exchange offeror, save

to the extent that these details have previously been disclosed under Rule 8. A Dealing Disclosure by a person to whom Rule 8.3(b) applies must be made by no later than 3.30 p.m. (London time) on the Business Day following the date of the relevant dealing.

If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire or control an interest in relevant securities of an offeree company or a securities exchange offeror, they will be deemed to be a single person for the purpose of Rule 8.3.

Opening Position Disclosures must also be made by the offeree company and by any offeror, and Dealing Disclosures must also be made by the offeree company, by any offeror and by any persons acting in concert with any of them (see Rules 8.1, 8.2 and 8.4).

Details of the offeree and offeror companies in respect of whose relevant securities Opening Position Disclosures and Dealing Disclosures must be made can be found in the Disclosure Table on the Takeover Panel's website at www.thetakeoverpanel.org.uk, including details of the number of relevant securities in issue, when the offer period commenced and when any offeror was first identified. You should contact the Takeover Panel's Market Surveillance Unit on +44 (0) 20 7638 0129 if you are in any doubt as to whether you are required to make an Opening Position Disclosure or a Dealing Disclosure.

- (iv) any past or present member, director, officer or employee of the Wider Horizon Group or any person that performs or has performed services for or on behalf of any such company (in the course of performing such services, but not otherwise) has engaged in any business with or made any investment in, or made any payments to: (A) any government, entity or individual with which US or EU persons are prohibited from engaging in activities or doing business by US or EU laws or regulations, including the economic sanctions administered by the United States Office of Foreign Assets Control, or (B) any government, entity or individual targeted by any of the economic sanctions of the United Nations or the European Union or any of their respective member states;
- (v) any asset of any member of the Wider Horizon Group constitutes criminal property as defined by section 340(3) of the Proceeds of Crime Act 2002 (but disregarding paragraph (b) of that definition); or

Part B: Certain further terms of the Acquisition

1. The Scheme will not become effective unless the Conditions have been fulfilled or (if capable of waiver) waived or, where appropriate determined by PerkinElmer UK to be or remain satisfied by 11.59 p.m. (London time) on the Long Stop Date.
2. Subject to the requirements of the Takeover Panel, PerkinElmer UK reserves the right in its sole discretion to waive (if capable of waiver) in whole or part all or any of the above Conditions 2(a) (*Regulatory approvals and clearances*) to (h) (*No discovery of certain matters regarding information and liabilities, corruption and intellectual property*) of Part A (inclusive).
3. Conditions 2(a) (*Regulatory approvals and clearances*) to (h) (*No discovery of certain matters regarding information and liabilities, corruption and intellectual property*) of Part A (inclusive) must be fulfilled or waived by no later than 11:59 p.m. on the date immediately preceding the date of the Court Hearing, failing which the Scheme will lapse or, if the Acquisition is implemented by way of a Takeover Offer, no later than as permitted by the Takeover Panel. PerkinElmer UK shall be under no obligation to waive or treat as fulfilled any of the Conditions which are capable of being waived by a date earlier than the latest date specified above for the fulfilment or waiver thereof, notwithstanding that any such Condition or other Conditions of the Scheme and the Acquisition may at such earlier date have been waived or fulfilled and that there are at such earlier date no circumstances indicating that any of such Conditions may not be capable of fulfilment.
4. Under Rule 13.5 of the Code, PerkinElmer UK may not invoke a Condition so as to cause the Acquisition not to proceed, to lapse or be withdrawn, unless the circumstances which give rise to the right to invoke the Condition are of material significance to PerkinElmer UK in the context of the Acquisition. Condition 1 of Part A (and, if applicable, any acceptance condition adopted on the basis specified in paragraph 6 below in relation to any Takeover Offer) are not subject to this provision of the Code.
5. If PerkinElmer UK is required by the Takeover Panel to make an offer for Horizon Shares under the provisions of Rule 9 of the Code, PerkinElmer UK may make such alterations to the Conditions and certain further terms of the Acquisition as are necessary to comply with the provisions of that Rule.
6. PerkinElmer UK reserves the right to elect (with the consent of the Takeover Panel) to implement the Acquisition by way of a Takeover Offer as an alternative to the Scheme. In such event, the Takeover Offer will be implemented on substantially the same terms, subject to appropriate amendments, as far as applicable, as those which would apply to the Scheme. The acceptance condition would be set at 90 per cent. of the shares to which such Takeover Offer relates (or such lesser percentage as PerkinElmer UK may decide with the consent of the Takeover Panel provided that if it became or was declared unconditional in all respects, the Takeover Offer would result in PerkinElmer UK holding Horizon Shares carrying greater than 50 per cent. of the voting rights in Horizon). Further, if sufficient acceptances of the Takeover Offer are received and/or sufficient Horizon Shares are otherwise acquired, it is the intention of PerkinElmer UK to apply the provisions of the Companies Act to compulsorily acquire any outstanding Horizon Shares to which such Takeover Offer relates.
7. The Acquisition will lapse (unless otherwise agreed with the Takeover Panel) if:
 - (a) in so far as the Acquisition or any matter arising from or relating to the Scheme or Acquisition constitutes a concentration with a community dimension within the scope of the Merger Regulation, the European Commission either initiates proceedings under Article 6(1) (c) of the Merger Regulation or makes a referral to a competent authority of the United Kingdom under Article 9(1) of the Merger Regulation and there is then a CMA Phase 2 Reference; or
 - (b) the Scheme or Acquisition or any matter arising from or relating to the Acquisition becomes subject to a CMA Phase 2 Reference,

in each case, before the date of the Court Meeting.

8. The Horizon Shares shall be acquired by PerkinElmer UK, with full legal title and beneficial ownership, fully paid and free from all liens, equitable interests, charges, encumbrances, rights of pre-emption and any other third party rights and interests whatsoever and together with all rights existing at the Effective Date or thereafter attaching thereto, including (without limitation) the right to receive and retain, in full, all dividends and other distributions (if any) declared, made or paid or any other return of capital (whether by way of reduction of share capital or share premium account or otherwise) made on or after the Effective Date in respect of the Horizon Shares.
9. If any dividend or other distribution in respect of the Horizon Shares is declared, paid or made on or after the date of this Announcement, PerkinElmer UK reserves the right to reduce the consideration payable for each Horizon Share under the terms of the Acquisition by the amount per Horizon Share of such dividend or distribution, in which case any reference in this Announcement or in the Scheme Document to the offer consideration for the Horizon Shares will be deemed to be a reference to the offer consideration as so reduced. Any exercise by PerkinElmer UK of its rights referred to in this paragraph shall be the subject of an announcement and, for the avoidance of doubt, shall not be regarded as constituting any revision or variation of the Acquisition.
10. The availability of the Acquisition to persons not resident in the United Kingdom may be affected by the laws of relevant jurisdictions. Therefore any persons who are subject to the laws of any jurisdiction other than the United Kingdom and any Horizon Shareholders who are not resident in the United Kingdom will need to inform themselves about and observe any applicable requirements.
11. Unless otherwise determined by PerkinElmer UK or required by the Code and permitted by applicable law and regulations, the Acquisition is not being, and will not be, made, directly or indirectly, in, into or by the use of the mails of, or by any other means or instrumentality (including, without limitation, facsimile, email or other electronic transmission, telex or telephone) of interstate or foreign commerce of, or of any facility of a national, state or other securities exchange of, any Restricted Jurisdiction and will not be capable of acceptance by any such use, means, instrumentality or facility or from within any Restricted Jurisdiction.
12. Each of the Conditions shall be regarded as a separate Condition and shall not be limited by reference to any other Condition.
13. This Announcement and any rights or liabilities arising hereunder, the Acquisition, the Scheme and the Forms of Proxy will be governed by the laws of England and Wales and will be subject to the jurisdiction of the courts of England. The Acquisition shall be subject to the applicable requirements of the Code, the Takeover Panel, the AIM Rules and the FCA.
